

## Birth Time Rectification - Questionnaire -

Please try to fill in this questionnaire as accurately as possible. The more accurate and complete your answers the more precisely the birth time can be detected. In case you are not sure, please ask your relatives and / or friends or look up photos or any documents you can find. If there is not enough space left for your answers, please attach further additional sheet(s).

If there are any particularities in your biography that are not asked for in the questionnaire, please write them down. They can give valuable hints.

You may send back this questionnaire via email to ***kontakt@lebenspotenziale.de*** or print it out and send it to ***Susanne Both, Lebenspotenziale Astrologie, Moortwiete 7, 22453 Hamburg***
